Paperwrap

New advertising concept in 2026

The paper wrap is more than just packaging: it is a **communication** tool that presents your brand story right from the moment it arrives at the doorstep. Print it with a message or teaser for maximum visibility and personalization.

From 2026, we will be packaging our magazines in paper instead of plastic. The paper wrap is **environmentally friendly**, made from renewable raw materials, fully recyclable, and emits less CO₂.

Advantages

- Your message is the first thing the reader will see
- It reaches the audience twice
- It makes your brand literally tangible
- It reinforces your sustainable image

Roularta Brand Studio will help you implement this within a cross-media strategy for even greater brand impact.
